

Joli Morgann “Caprice” - Ref: 15145

Designed by Franck Roy, the hull of this unit is beautiful, with sleek and resolutely modern lines. Thanks to its retractable keel and self taking jib very easy day sailing boat. The boat remains stiff under sail and offers all the sensations of a large sailboat.

Its narrow 1.90 meter hull gives it exceptional passage in the water, as well as several practical benefits such as access to small marina berths and easy road transport, due to own trailer.

The Joli Morgann is tractable on a double-axel trailer hooked up to an appropriate vehicle. The specially designed trailer can be used for storage or wintering of the boat.
