

Solaris 37 “Vangelis” - Ref: 15189

The Solaris 37' is currently the only boat on the market that offers a couple or small family the comfort of 45 feet, thanks to a spacious owner's cabin with a central double bed accessible from the sides, a large bathroom that has a completely separate shower. All bulkheads and furniture are laminated to the hull and deck; this way no counter-moulds or silicone-coated bulkhead and furniture joints are used. The Solaris 37 is a super performance sailing boat designed to be steered by a couple or in a small crew.
