

Jeanneau Sun Odyssey 26 “Ademar” - Ref: 15211

Jeanneau and Philippe Briand together have come out with a real ocean cruiser, the Sun Odyssey 26. This boat has exceptional capacities for a 7,50 m. sailboat. With over 1,80 m. of standing headroom, a full-width aft cabin with a spacious berth plus a full-size head; she is a great way to start your cruising experience. With lots of room but keeping top performance characteristics with 850 kg. of ballast, the Sun Odyssey 26 has all the sea-going characteristics of a blue-water cruiser. The cockpit is safe and comfortable like you'd find on a bigger boat. It can visit places where once only smaller boats could go. Antifouling and all revisions done in June 2021, safety equipment new 2021, new North Sails sails 2021.
